"THE OLD HOMESTEAD"

A Familiar Landmark to Travelers on US.131 — The Home of One-Year, Field-Grown Perennials. Also well known as "The Red Brick Tavern" — Recommended by Duncan Hines as One of Michigan's Most Famous Eating Places — Distinguished for Its Excellent Chicken and Steak Dinners. Just North of Plainwell, about half-way between Kalamazoo and Grand Rapids — Visitors are always welcome at any time. For Lunch or Dinner Reservations, Phone Plainwell 3943.

Buy RICHARDS' — "Old Homestead" PLANTS and Save 75%

When you stop to consider that you can get a dozen of Richards' fine field-grown, 1-yr. old untransplanted plants for about the price you ordinarily expect to pay for three regular field-grown plants, you get an idea of the tremendous saving you can make by buying our plants.

Remember, these 1-year untransplanted plants will bloom the first year. In some instances the first year's flowers will not be as large as you would get by planting 2-year transplanted plants but the following years you will get much finer blooms, more luxuriant growth and the life of your plants will be extended.

You can increase your garden planting with the money that you will save in buying the 1-year untransplanted plants and your garden will be a greater source of pleasure to yourself and of admiration by your friends and neighbors.

Field Grown HARDY PHLOX

No flower will lend more color and beauty to your garden than a mass planting of Hardy Phlox. They thrive under average conditions, bloom freely over a long period of time and are equally satisfactory when used in beds or borders.

We are growers of Phlox and have an unusually fine assortment of field grown plants. These are one-year plants, the best size for transplanting. All are well rooted and have bloomed in our fields, so we know they are all true to name. Phlox will start blooming early in July and continue through August into September.

VARIETIES

AETNA Excellent new variety which is highly resistant to rust. Tall, strong grower and of superb deep scarlet color.

***AFRICA** The favorite deep red. Good grower and sure, heavy bloomer.

BORDER QUEEN Massive flower heads of deep watermelon pink. Individual florets are unusually large.

CHIEFTAIN Brilliant red. Enormous flower heads.

COUNT ZEPPLIN Pure white flowers with vivid, bright red eye. Very striking; very free flowering.

***DAILY SKETCH** Extra large flowers of light pink with carmine eye. Vigorous grower.

DR. KLEMM Large trusses of white with diffused violet eye.

E. I. FARRINGTON A Phlox of distinctive beauty. Flower trusses are extremely large and color is a delightful salmon shade with slightly darker eye.

GEORGE STIPP A truly outstanding Phlox of glowing salmon-coral with shaded lighter eye.

JULY LIGHTS A brilliant carmine-red with blood red eye. Strong, vigorous grower.

***LEO SCHLAGETER** One of the brightest and flashiest of all red Phlox. Sturdy grower; very free flowering.

***MARY LOUISE** Large, conical heads of pure white. A fine new variety that blooms throughout the summer.

MIA RUYS A dwarf variety that bears large heads of pure white flowers.

MOONLIGHT DREAM Semi-dwarf type with large flower heads of pure white.

PRIME MINISTER Large trusses of a clear, pure white with brilliant red eye.

***ROSEA SUPERBA** Magnificent flower heads of a glowing rosy-pink. Very outstanding.

***ROYAL PURPLE** Large flower heads of rich satiny purple. Individual florets are large with uniformly good color.

SALMON GLOW Teamed with Daily Sketch this variety has swept to a high place in the Phlox world. Its robust growth and blooms of deep salmon recommend it to all.

STARLIGHT Lovely orchid with white eye. Individual florets are large and well-formed.

THOR Deep salmon-pink with an unusual scarlet overtone. Nicely shaped trusses on strong stems.

Your choice of the above varieties.

TUBEROUS BEGONIAS

Perhaps no other plant is so valuable as the tuberous-rooted Begonia, for those hard-to-fill shady areas in the garden. Their lovely colors range from pastel shades to bright yellows, salmon and deep crimsons. Magnificent flowers often measuring 4 inches or more across, are borne well above the attractive foliage. In addition to their use in the garden, they make excellent plants in pots for indoor bloom.

DOUBLE CAMELLIA FLOWERED These exquisite flowers appear to be huge Camellias; fully double blooms make their appearance in July and continue in great profusion.

OUR GUARANTEE

We exercise great care in keeping our stock true to name, and we will replace any variety that proves untrue to name, three years from date of sale.

HOW TO PLANT PEONIES

Peonies are heavy feeders and should be planted in soil which has been thoroughly prepared by deep spading and the addition of well rotted manure or good commercial fertilizer.

Peonies should be planted with eyes **NOT MORE THAN TWO INCHES** below surface of the soil.

Most of the trouble that gardeners experience in not having their peonies bloom comes from planting too deep.

Have holes generously large to accommodate the roots. Sift in finely pulverized soil around roots until nearly covered, and then fill hole with water and allow to settle. This eliminates any air pockets. Fill in balance of earth to proper depth and pack firmly.

Peonies planted in this manner will seldom fail to grow and bloom the following year.

Well rotted manure applied as a mulch in late fall and then worked into the soil the following spring will help promote luxuriant growth and blooms.

VARIETY

PHILIPPE RIVOIRE (9.2) Double type; small; early. Very dark crimson with a blackish sheen. Fully double with a symmetrically incurved center, richly rose scented. Medium height; good foliage. This is the only red peony that we know of that is really fragrant.

Each \$1.50

PHOEBE CARY (8.8) Double type; large late. Pale old rose pink, darkening toward the center; moderately rose scented. Tall; good light green foliage.

Each 75c

PHYLLIS KELWAY (9.0) Semi-double type; very large; midseason. Rose-pink, paling to white in center, thin texture, hollow, cupped form at first showing many stamens,

later developing a flat crown. Faintly fragrant; medium height, strong stems.

Each 75c

REINE HORTENSE (8.7) Double type; very large; midseason. Rose-pink with crisp, fluffy petals of translucent texture, notched and silvered at the tips and occasionally flecked with crimson in the center.

Each 75c

SARAH BERNHARDT (9.0) Double type; very large; late. Dark rose-pink, edged a trifle lighter with inconspicuous red edges on a few central petals, and an occasional golden yellow anther in the collar; agreeably fragrant. Medium height. Probably the most popular peony grown.

Spring Flowering Bulbs

Crocus

FOR FALL PLANTING ONLY

SPRING FLOWERING CROCUS

One of the earliest flowers to bloom in the spring. The Crocus makes an effective show when planted in masses or arranged in groups in a border. Their beauty and brilliant coloring so early in the spring are a delight to all who view them. They are perfectly hardy and can be left in the ground for several years without being disturbed. Plant 1 inch deep.

MIXED COLORS Includes all shades from white, yellow, light blue, dark blue, lilac to deep violet. For a glorious display of color, use them generously.

You Are Sure to Be Pleased When You Buy From Richards

Gentlemen:

The "mums" came yesterday and they were so fresh, so beautifully packed, I was sorry I didn't order more. I have never received plants in better condition.

Yours very truly,
Mrs. D. D.
Rockford, Tenn.

Dear Mr. Richards:

Your plants came in the mail Friday, fresh and in fine condition. Again I want to thank you for the type of plants you sent. It is a joy to deal with you.

Sincerely,
Rev. L. R. — Pittsburgh

Dear Sirs:

The past winter was a hard one on plants but everything I ordered from you last fall came through in fine shape, **as it always does**. Through the past few years I've built up my perennials until I will soon have an All Richards Garden.

Yours respectfully,
Mrs. C. K. — Ames, Iowa

Gentlemen:

My plants came in good condition. They had to, with such fine and painstaking packing!

Respectfully,
Mrs. E. M. W. — Chattanooga
